

# The Ultimate Home Moving Planner

A complete timeline covering everything from packing schedules to utility transfers and moving-day preparation.

## PHASE 1: EARLY LOGISTICS & ADMIN SETUP

- Request Removal & Packing Inventory Quotes**  
 Contact Sameday Removals to calculate physical cubic volume and lock down your transport asset parameters.

4–6 Weeks Out
- Audit Household Assets & De-clutter**  
 Go through garages, lofts, and wardrobes. Segregate items to sell, donate, or discard to reduce overall transport overhead.

4 Weeks Out
- Order Heavy-Duty Packing Supplies**  
 Acquire uniform double-walled cardboard boxes, bubble wrap rolls, foam edge protections, and industrial tapes.

3 Weeks Out

## PHASE 2: PACKING PIPELINES & UTILITY MIGRATIONS

- Migrate Telecoms, Broadband & Paid Media Channels**  
 Inform your service providers of your target move-in date to map structural connection lead times at the new asset.

2 Weeks Out
- Pack Non-Essential Dynamic Storage Categories**  
 Systematically pack library contents, seasonal clothing items, guest room provisions, and fine dining cutlery.

2 Weeks Out
- Schedule Address Data Updates & Mail Redirection**  
 Coordinate active redirections with Royal Mail and alert financial institutions to prevent confidential data leaks.

1 Week Out

## PHASE 3: FINAL COUNTDOWN & MOVE-DAY OPERATIONS

- Isolate Crucial Operational Valuables**  
 Pack jewelry, passports, deeds, prescription medications, and vehicle documents into a private handbag. Do not load onto the main truck.

2 Days Before
- Disconnect White Goods & Empty Refrigerator**  
 Defrost freezers fully and uncouple water feeds from washing machines to bypass transit-day leaks.

1 Day Before

**□ Log Final Meter Readings & Clear Premises**

Take timestamps and photographic records of water, gas, and electricity dials before handing over the structural keys.
