3. PRE-MOVE CLEARANCE & ORGANIZATION MILESTONES

Schedule Bulky Waste & Hazardous Material Collection

Book council collection for non-recyclable bulky items and dispose of leftover paint cans at municipal centers.

Conduct Final Structural Sweep of Storage Areas

Double-check lofts, under-stair spaces, shed rafters, and built-in cupboards to ensure no unwanted items remain.

CLEARANCE ADVICE FROM SAMEDAY REMOVALS

Start clearance in high-volume storage areas like lofts and garages 4 to 6 weeks before moving. Clearing surplus items early lowers total cubic volume, reduces the removal van size required, and saves on transit costs!
